

Short Biography

Dr. Clemens Scholz

Dr. Clemens Scholz has been part of the company since late 2000. He was a member of the Board from 2001 to 2012, and then managing director of WOM AG until mid-2013. Following the transformation of the company into an LLC in May 2013, Dr. Scholz became the chief executive officer.

His duties and responsibilities include overseeing Research & Development, Global Sales & Marketing, Quality Management, Legal, Regulatory Affairs and Human Resources.

In addition, Dr. Clemens Scholz is managing director of W.O.M. WORLD OF MEDICINE Produktions-GmbH and President of W.O.M. WORLD OF MEDICINE USA, Inc., Orlando, USA.

SHORT BIOGRAPHY

Following his mechanical engineering studies, Dr. Scholz studied medical science from 1985 until 1990 and was a scientific employee of Laser-Medizin-Zentrum GmbH in 1985 and 1986. From 1986 to 1991 he was deputy department head of the biomedical engineering division with a focus on laser medicine at the University Hospital Berlin-Steglitz and obtained his doctorate from the Institute for Precision Engineering and Biomedical Engineering of the Technical University Berlin with a thesis on “New methods of processing hard tissue in medicine using a laser”. Thereafter, from 1991 until 2000, Dr. Scholz worked for Hüttinger Medizintechnik GmbH & Co. KG, a subsidiary of the Trumpf Group in Ditzingen, first as project manager and then as manager of Research & Development, and from 1994 to 2000 as general manager.
