

Welcome to the team!
At WOM, you actively contribute
to medical progress.

WOM is a pioneer and a global leading manufacturer in the field of medical technology. We are seeking students to join our R&D team in Berlin. If you like to work independently, wish to embark on new paths with us in the field of Minimally Invasive Medicine, and are ready to assume responsibility early on, we should get to know each other.

What we offer

- ▶ Workplace close to the city, conveniently located to public-transportation, near colleges and universities
- ▶ Flexible working hours
- ▶ Competent, course-related support
- ▶ Dynamic and friendly team
- ▶ State of the art workspaces
- ▶ Career opportunities in an expanding company

WOM Berlin is awarding a

Master thesis on the topic

„Design and implementation of (partial) automation of translations and validation of international graphical user interfaces of medical devices“

Your tasks are

- ▶ Development, analysis and evaluation of different implementation variants
- ▶ Development, analysis and evaluation of possibilities for automatic validation
- ▶ Development, testing and documentation of the backend in C#
- ▶ Coordination of the process with different departments and suppliers

You are offering

- ▶ You are studying computer science or a comparable degree program
- ▶ You have good knowledge of C#
- ▶ You have very good knowledge of German and English (spoken and written)

These are your personal strengths

- ▶ You work accurately and reliably
- ▶ Independent and goal-oriented work is your special strength
- ▶ You are communicative and an enthusiastic team member

If you can identify yourself with this, we look forward to receiving your application.
