

Welcome to the team! At WOM, you work in the center of Berlin and globally at the same time.

WOM is a pioneer and global leading manufacturer in the field of medical technology. We are seeking reinforcements for our R&D team in Berlin. You should contact us if you like to work independently, would like to break new ground with us in the field of Minimally Invasive Medicine, and are looking for continuous development opportunities.

WHAT WE OFFER:

- ▶ International teamwork
- ▶ Appreciation and respect
- ▶ Space for innovation
- ▶ Career opportunities in an expanding company

WOM Berlin is looking for: Platform Software Architects (m/f/d)

The main task of the platform software architect is the planning and monitoring of work packages within the software platform team and the new product introduction (NPI) teams. You are also responsible for the proper documentation of the software design according to internal process requirements and medical industry standards for software development (e.g. IEC 62304)

YOUR TASKS ARE:

- ▶ Definition of platform requirements based on close cooperation with product management and NPI teams
- ▶ Design authorization to define what is inside or outside the platform area
- ▶ Lead design and implementation of platform components
- ▶ Close cooperation with NPI teams and system architects to ensure optimal integration of platform components in the products
- ▶ Creation of a platform versioning concept and development of a roadmap

YOU ARE OFFERING:

- ▶ At least 5 years of experience in developing embedded software and using programming languages (at least C++ and C#)
- ▶ Experience in transforming multiple customer and project requirements into an enterprise-wide platform architecture, including concepts for managing the volatility of customer requirements
- ▶ Strong desire and ability to establish a culture of high-quality software design, documentation and testing
- ▶ Experience in the professional management of technical teams (local and remote)
- ▶ Fluent in German and English

THESE ARE YOUR PERSONAL STRENGTHS:

- ▶ Structured, solution- and team-oriented working method
- ▶ Assertiveness and persuasiveness
- ▶ Strong communication skills

We look forward to receiving your application by e-mail if you believe this to be a great fit for you. Please also tell us your salary expectations and your availability date.
