

Welcome to the team! WOM is expanding – and you can quick start your career with us.

WOM is a pioneer and global leading manufacturer in the field of medical technology. We are looking for reinforcements for our team in Ludwigsstadt. If you like to work independently, would like to break new ground with us in the field of Minimally Invasive Medicine, and wish to consistently evolve, we should get to know each other.

WHAT WE OFFER

- ▶ Versatile tasks in an exciting work environment
- ▶ International teamwork
- ▶ Appreciation and respect
- ▶ Career opportunities in an expanding company

WOM Ludwigsstadt is looking for **Sustaining Engineer** for the Value Stream medical visualization, video recording and documentation solutions

YOUR TASKS ARE

- ▶ Creation and maintenance of top-level parts lists during the entire design phase and product life cycle after the ECO process
- ▶ Active cooperation with hardware and software developers during new product development
- ▶ Management of design transfer activities from new developments to production
- ▶ Collaboration with R&D Engineering to ensure product conformity
- ▶ Technical support for production and service during the product life cycle
- ▶ Review of change requests from customers or production and responsibility for the execution of EAR or ECO processes for serial devices
- ▶ Implementation of reengineering measures and identification of savings during the product life cycle
- ▶ Responsibility for change management of suppliers of electronic and mechanical components
- ▶ Assurance and implementation of qualifying measurements during the product life cycle
- ▶ Creation and maintenance of product-related labels in compliance with regulatory requirements

YOU ARE OFFERING

- ▶ Completed technical studies or comparable technical degree
- ▶ Several years of experience in the development or maintenance of products in a medical or other safety regulated industry
- ▶ High reliability in dealing with change processes and systems
- ▶ Practical experience in the planning and execution of complex test series
- ▶ Ideally experience in working with Arena
- ▶ Good command of written and spoken English

THESE ARE YOUR PERSONAL STRENGTHS

- ▶ Structured, independent working method with an eye for the essential
- ▶ Assertiveness and persuasiveness
- ▶ You are communicative and enthusiastic about teamwork

We look forward to receiving your application by e-mail if you believe this to be a great fit for you. Please also tell us your salary expectations and your availability date.
